

Have you ever surrendered an animal to a shelter before?      yes      no  
If yes, why? \_\_\_\_\_  
\_\_\_\_\_

Who is your current veterinarian? \_\_\_\_\_  
Location: \_\_\_\_\_ Phone: \_\_\_\_\_  
How will your current pet(s) adjust to a new addition? \_\_\_\_\_  
Does anyone in your family have pet allergies? \_\_\_\_\_  
Do you have any kids? \_\_\_\_\_ How old? \_\_\_\_\_  
Do they still live with you? \_\_\_\_\_  
How many people live at your home? \_\_\_\_\_  
Does everyone in your family know you plan to adopt a pet? \_\_\_\_\_

Will your new animal be inside or outside? \_\_\_\_\_  
DOG QUESTION for outside: Is your yard fenced in? \_\_\_\_\_ If not how will you  
take the new dog out to use the  
restroom? \_\_\_\_\_

By signing this and adopting an animal I agree to provide the following: food, water, shelter, and medical care. The animal should not be relinquished to any other facility or given away without prior agreement from The Humane Society of Sullivan County. The adoptee understands that animals react unpredictably to circumstances and the temperament of the animal has been ascertained to the best of our ability and cannot be guaranteed. This animal will not be used for experimentation. In the event the animal becomes ill due to disease within seven (7) days of adoption, it may be returned for an exchanged or full refund. I also understand the adopted animal will be spayed or neutered before leaving the shelter unless a different plan has been arranged with shelter management. I know included in the adoption fee is the spay/neuter, first round of vaccinations, heartworm test (adult dogs), and does NOT include a rabies vaccination. Lastly I will provide the animal with the best home and care I can give.
